DOCUMENT MICROFILM STRIPP  
MICROFILM 22 JUN 1960

We received today your WASH 6216 and replied at once in [ ] 1947. We hope to get an immediate answer from you, as the long delay in [ ] from you in reply to [ ] 1821 may cause contact to be made between PALFFY and General TATE, Paris M.A., without our being able to forestall it, should that be your desire.

2. On the basis of the information forwarded in documents referenced in [ ] 1821, we have put questions to Source, the replies to which are contained in the attached reports.

3. WFP-2451 - Radio Transmissions - We did not know what projects existed with respect to radio transmissions; and although Source has answered our question in some detail, we gather that this matter is still pretty much up in the air.

4. The questions in para. 2 of WASH 6216 have been partly answered in the referenced documents listed in PARI 1821, however we are putting further specific questions to Source and shall cable you upon receipt of the replies. Meanwhile, it is our understanding - and we think it will be yours upon receipt of the dispatches mentioned above - that (a) no commitments have been made to the French (b) that PALFFY is not a member of the JULIUS group (c) that in view of PALFFY being the greater figure and ECKHARDT's representative, any activities of JULIUS with respect to the French will be subordinated to those of PALFFY.

5. WFP-2452A - Parts of this report have been relayed to you by cable in our [ ] 1821.
